TO
AVINOAM KATRIELI
Manager, GREEN PLANA EOOD
Sofia 1000, 3 Bialo Pole Str., Office No.18

Subject: Support for Green Plana investment intent.

Dear Mr. Katrieli,

Samokov Municipality is situated in Southwestern Bulgaria. It takes up considerable areas of Rila Mountain and also parts of the mountains Plana, Vitosha and Verila, as well as the Samokov hollow. It has a rich cultural and historical heritage, unique nature and people who would gladly embrace any initiative that contributes to the municipality development and its presentation beyond the boundaries of Bulgaria.

The Green Plana project is of special significance for us. We are stating our full support for it and we are ready to cooperate as an institution for its realization. Up to date there hasn't been a similar project of such magnitude in the municipal territory. Its realization will have a truly positive effect on the bilateral relations between Israel and Bulgaria, but it will also have economical and social impact.

We shall be honoured to have you realize your investment intent in our territory. We do hope that it will be a prerequisite for attracting investors to Bulgaria from your country, Russia and the Persian Gulf region, which would contribute to the tourism development and to the acquaintance with this small but unique area – the Samokov Municipality.

We are wishing success to your undertaking!

Yours sincerely,

Vladimir Georgiev
Mayor, Samokov Municipality

SEAL of SAMOKOV MUNICIPALITY, MAYOR'S OFFICE
